

# Safety data sheet

According to the Commission Directive 91/155/EEC

## 1) Identification of the substance/preparation and of the company/undertaking

Information on trade name. According to the Commission Directive 91/155/EEC you have to state the manufacturer, the supplier or the importer, mentioned on the label.

Trade name:	Uriclean
Product-reg.no.:	-
Supplier:	Uridan A/S, Snerlevej 3, DK-6100 Haderslev
Tel. no.:	+45 7452 6510
Contact person:	John Reese

## 15) Regulatory information

Information on e.g. application restrictions demands on special education, special regulations concerning age etc.

Hazard designation:	The product need not to be labelled according to the national classification and labelled rules.	Hazard Symbols:
Contains:		<input type="checkbox"/>
R phrase:	None	<input type="checkbox"/>
S phrase:	None	<input type="checkbox"/>
Restrictions on use:	None	
Not to be used by:	No restrictions	
Not to be used for:	No restrictions	
Training requirement:	None	
Code-no.:	<input type="text" value="0"/> <input type="text" value="0"/> <input type="text" value="1"/> Year: 1993	
Additional information:	The content of ingredients is below the EU triviality limit. Consequently, demands on safety data sheet no longer apply.	

## 2) Hazards identification

None known dangers for human being or environment

<b>Replaces</b> 18. September 2007 (Previous date)	<b>Elaborated by:</b> Ane Gundal 23. May 2008 <b>GODKENDT</b> Date: Signature / name:
--	---

**7) Handling and storage**, information on storage safety rules:

Packaging: Avoid temperatures below zero.  
Only to be stored in original plastic packaging.

**8) Exposure controls/personal protection**, information on precautions by exposure to substances/ preparations and information on special protective clothing, and personal protective equipment.

No special precautions by ordinary application.  
By atomisation, P3 mask to be used.

**11) Toxicological information**, – short term and long term effects, information on possible symptoms e.g. by ingestion or by absorption in the organism

Inhalation: None - however, aerosols may be irritating.

Skin contact: No irritation - OECD test, score 0,0

Eye contact: Slightly irritant

Ingestion: Slightly irritant

**4) First-aid measures**

Skin contact: Rinse with clean water

Eye contact : Rinse with clean water

Inhalation: Fresh air

Ingestion: Drink water

Burns: Avoid inhalation of smoke and gases produced by fire

**10) Stability and reactivity,** e.g. information on properties by heating and fire

Conditions to avoid: -

Materials to avoid: -

Hazardous decomposition products: -

Hardening time: -

The products is stable and causes no dangerous reactions

**5) Fire-fighting measures,** information on precautions by fire

Every kind of extinguishing equipment can be used

**6) Accidental release measures,** information on precautions by spill.

None

**13) Disposal considerations,** e.g. information on precautions by waste handling

Small quantities of waste to be washed away. Considerable quantities to be delivered to the local waste handling authorities.

**12) Ecological information**

Low toxicity to aquatic organisms. Consequently, the product is not to be classified and it is very easily degradable.

### 3) Composition/information on ingredients

Includes for instance substances presenting a health hazard within the meaning of Directive 67/548/EEC.

Organic solvents / volatile substances: **None**

Carcinogenic substances: **None**

Epoxy / isocyanides: **None**

Other dangerous substances:	CAS-no.:	EF-no.:	%:	Chemical name:	Classification:
			<1%	Anionic surfactant	Xi;R36/38

**Content – Less than 1%:**  
Anionic surfactant, triethanolamine,  
carbamid.

### 9) Physical-chemical properties

State: <b>Fluid</b>	Colour: <b>Clear</b>	Odour: <b>None</b>	Relative density: <b>1,0</b>
pH in concentrate: <b>7,5</b>		pH in solution for use: <b>7,5</b>	
Melting point: <b>0°C</b>	Boiling point: <b>100°C</b>	Flash point: <b>Not relevant</b>	Vapour Pressure: <b>No data</b>
Auto-ignition: <b>None</b>	Explosive properties: <b>None</b>	Oxidizing properties: <b>None</b>	
Solubility in water: <b>Completely</b>		Solubility in grease: <b>No data</b>	
Partition coefficient n-octanole / water: <b>No data</b>			
Additional information:			

### 14) Transport information

No special precautions

### 16) Other information

**Usage:**  
Spray a little uriclean\* inside and outside of the urinal, let it saturate for a moment, brush around the waste cover and wipe away with a dry soft cloth/tissue.  
Skin friendly and non allergic.
